

I want to urge the FCC to reject the NAB's petition 04-160, and to support the XM's ability to provide the kind of programming that I demand and deserve. I pay for it. I should be able to listen to it. I am a truck driver and this service greatly benefits me. I am able to get traffic and weather reports, and I can use this to determine how to enter cities and avoid traffic problems. Thankyou. Don Fortner
